"HOW MIGHT WE"?

QUESTION

How might we initiate the proect?

QUESTION

How might we get the flow of the project?

QUESTION

How might we initiate the work?

QUESTION

How might we putforth all the ideas to bring an outcome?

QUESTION

How might we solve the problem of emerging fires?

SOLO BRAINSTORMING

SERONICA S

- Literature survey of the project
- Information gathering
- Overall idea collection
- Project outlook design
- **IDEATION PHASE**
- Relevent details check
- Listing out all features to solve the problem
- Collaborating with members
- Combining all the ideas together

SHERINE SANTHI SJ

- **Understanding the concept**
- Creating a synopsis
- Deep Learning
- Thorough Observation
- **PRIOR KNOWLEDGE**
- Conceptual hands-on
- Data Collection
- Interpreting Ideas
- Initial guidance

RAJALAKSHMI S

- Initializing model
- Add CNN layers
- Open cv for video processing
- Save the model
- **PROJECT FLOW**
- Importing model building librarires
- Predictions
- Getting flow
- Working through

Person 4

- Downloading the data set
- Building up the essenialities
- Maintaing data required
- Downloading the data set
- **DATA COLLECTION**
- Maintaing them
- Dataset usage
- working with data
- Knowledge on datasets used
